I strongly object to the proposed Village Boundary of Radford Semele.

I would like to see Site 1 omitted from the boundary and the boundary at this point to stop adjacent to the houses on Offchurch Lane. Site 1 needs to be protected by countryside policies or, included as an area of restraint due to its heritage association with the setting of the Church and other listed buildings as outlined in my objection in Part B.

I would like to see the village boundary to be changed to include the area shown as Site 2 and this to be the preferred option for housing within the village of Radford Semele for the reasons summarized below:

1. Site 2 has no impact on Heritage assets whereas any construction on Site 1 will have a major impact and significantly Harm the settings of the listed buildings which include St Nicholas Church and The White Lion Public House and to a smaller degree the other listed buildings in the area. Warwick District Council have a duty to protect these Heritage assets as outlined in the NPPF 7 - Bullet 3, 17 - Bullet 7 & 10 and Section 12 and English Heritage documents "The Setting of Heritage Assets" and PPS5 "Planning for the Historic Environment PRACTICE GUIDE".
2. Site 2 will have less impact on the village and public from the point of visual amenity and is less visible from public surrounding areas. The Environmental report carried out by WDC looked at an area RS 04 which is 10-15 time larger than the parcel of land on site 2. The findings for this report therefore are not appropriate to assess Site 2 and must be discounted.
3. It has been shown by two traffic consultants that Access to Site 2 can be achieved at 50MPH within the same stretch of the A425. However, the stretch of the A425 alongside Site 2 should be 30MPH. Warwick District Council policy DOT 01/06 (section 6.3) and the D.O.T 01/04 on speeding limits makes it very clear that for villages a 30MPH is the norm when there 20 houses or more on one or both sides of the road. On this basis I would propose that if this site is used for housing development that the speed limit be reduced to 30MPH.

4. Site 2 is nearer to the village amenities than Site 1 and can be reached via a short footpath, rather than being detached (as would be on Site 1) by a busy Trunk road. This would better fit with NPPF section 6 bullet 2 and the aims of section 8 "Promoting healthy communities".
5. It would be relatively straightforward to extend the pavement along the A425 so Site 2 is connected with Lewis Road by a pavement.
6. Traffic is a big issue in the village. We have seen a 47% increase in traffic on the A425 as measured by DOT to the east of Radford Semele between 2010 and 2012. There is a high density of vehicles, particularly at peak times such as 9am. In the centre of the village traffic flows are compounded by the additional traffic into and out of Offchurch Lane. Site 2 and indeed Site 3 have the advantage that vehicles can either go into the village or away from the village thus reducing the number of vehicles between Offchurch Lane and School Lane.. Whereas Site 1 will feed traffic directly into the centre of the village exacerbating traffic issues at this point.

Guidance on Making Representations

- Please use this response form as it will help the Council to keep accurate and consistent records of all the comments on the Plan, alternatively complete online at www.warwickdc.gov.uk/newlocalplan
- If you wish to make comments on more than one aspect of the Plan, please use a separate copy of either Part B and/or Part C of this form for each
- You may withdraw your objection at any time by writing to Warwick District Council, address below
- It is important that you include your name and address as anonymous forms cannot be accepted. If your address details change, please inform us in writing
