To The Councillors

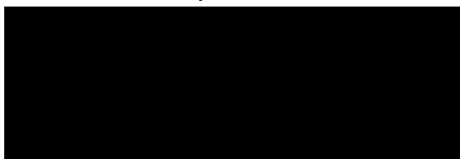

As a rate payer of Warwick I would like to put in a formal objection to the proposed Gypsy and Traveller site along the Stratford Road into Warwick, adjacent to the sewage works. It being totally unsuitable for the proposed occupants, being next to the sewage works and for local residents, being so close to people's houses due to cultural differences and styles of living which we obviously cannot mention in this day and age.

I was very disappointed and surprised when I heard about this NEW proposed site, having kept a keen eye on developments this came as a shock. If I was a suspicious person I would think W.D.C. Planning had tried to sneak this site through without thought and consultation with local people just to meet Government targets.

I personally had some unpleasant experiences with some members of this community, with aggressive sales tactics and attempting to remove items from my drive under the guise of scrap metal.

I hope common sense and fairness will prevail in this matter.

Yours faithfully

p.s. After looking up the definition of Romany and Traveller, not once did I see the words 'Static', 'permanent' or 'Holiday Home'.
