Please use this form if you wish to support or object to the Proposed Modifications

This form has two parts:

- Part A – Personal Details
- Part B – Your Representations

If your comments relate to more than one proposed Modification you will need to complete a separate Part B of this form for each representation.

This form may be photocopied or alternatively extra forms can be obtained from the Council's offices or places where the Modifications have been made available (see the table below). You can also respond online using the Council's e Consultation System, visit: www.warwickdc.gov.uk/newlocalplan

Please provide your contact details so that we can get in touch with you regarding your representation(s) during the examination period. Your comments (including contact details) cannot be treated as confidential because the Council is required to make them available for public inspection. If your address details change, please inform us in writing. You may withdraw your objection at any time by writing to Warwick District Council, address below.

All forms should be returned by 4.45pm on Friday 22 April 2016

7. Please give details of why you consider the Proposed Modifications to the Submission Warwick District Local Plan are not legally compliant or are unsound. Please be as precise as possible. If you wish to support the legal compliance or soundness of the Proposed Modifications, please also use this box to set out your comments.

The proposed development is to support Coventry City Council's housing needs. There are sustainable sites closer to Coventry that should be used in preference to the land north of Milverton to reduce unnecessary commuting, associated congestion & further road construction. It does not seem likely that people that live & work in Coventry will buy the proposed houses & therefore this development will not support Coventry's housing needs. WDC, in cooperation with Coventry City Council, has assessed sites on the edge of Coventry as being of lower green belt value. These sites should be used in preference to the land north of Milverton. Continued on separate sheet...

Continue on a separate sheet if necessary

8. Please set out what change(s) you consider necessary to make the Proposed Modifications to the Submission Warwick District Local Plan legally compliant or sound, having regard to the test you have identified at Question 5 above where this relates to soundness. You will need to say why this change will make the Local Plan/Sustainability Appraisal legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

The land north of Milverton should remain green belt. The development proposed on the land north of Milverton should be reallocated to alternative sites closer to Coventry which have a lower green belt value & are capable of delivering the required housing.

Continue on a separate sheet if necessary

Please note your representation should cover succinctly all the information, evidence and supporting information necessary to support/justify the representation and the suggested changes, as there will not normally be a subsequent opportunity to make further representations. Further submissions will be only at the request of the Inspector, based on the matters and issues he/she identifies for examination.

Part 7 continued . . .

The proposed park-and-ride scheme is unsustainable because:

- There will be no dedicated buses, so users will have to time visits to coincide with the bus timetable
- The site is too close to Leamington. It would be better if the site was focused on the A46 roundabout with the A452, which could form part of the Thickthorn development, and provide for Leamington, Warwick, Kenilworth, Warwick University and potentially Coventry.
- Much of the traffic using the A452 crosses to the south of Leamington where there are the major employers
- Shoppers are unlikely to use the park and ride when there is plenty of parking in Leamington
- Oxford appears to have the only park and ride scheme in the country which really works and this is because there is such limited parking in Oxford city centre.
- There are already a lot of car parks in this area of Green Belt with impervious surfaces all of which reduce the areas ability to absorb rainfall and contribute to flooding

A railway station is unviable because the railway line is in a deep cutting in Old Milverton making construction impractical

9. If your representation is seeking a change, do you consider it necessary to participate at the oral part of the examination?

No, I do not wish to participate at the oral examination

Yes, I wish to participate at the oral examination

10. If you wish to participate at the oral part of the examination, please outline why you consider this to be necessary:

Continue on a separate sheet if necessary

Please note: This written representation carries the same weight and will be subject to the same scrutiny as oral representations. The Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate at the oral part of the examination.

11. Declaration
