Dear Sir / Madam

I am writing to register my strong objection to the new Proposed Development Plans. It would be a crime, unforgiveable & irresponsible to damage this area of North Leamington, when other brown or white field sites could be found.

It is Greenbelt & the fundamental aim of this is to prevent urban sprawl. The joining of Leamington to Kenilworth would be just this.

The 2009 plan would have been much less expensive, not requiring a whole new infrastructure.

Please reconsider & safeguard such precious countryside.  
Yours faithfully,
