Dear Dan

Designation of Neighbourhood Plan Area Application

Whitnash Town Council would like to formally apply to Warwick District Council for a Designated Neighbourhood Plan Area.

A Neighbourhood Plan Working Group has been addressing this subject over the past few months and recognises that local and also national policies favour growth and development in Warwick District.

The following is submitted:

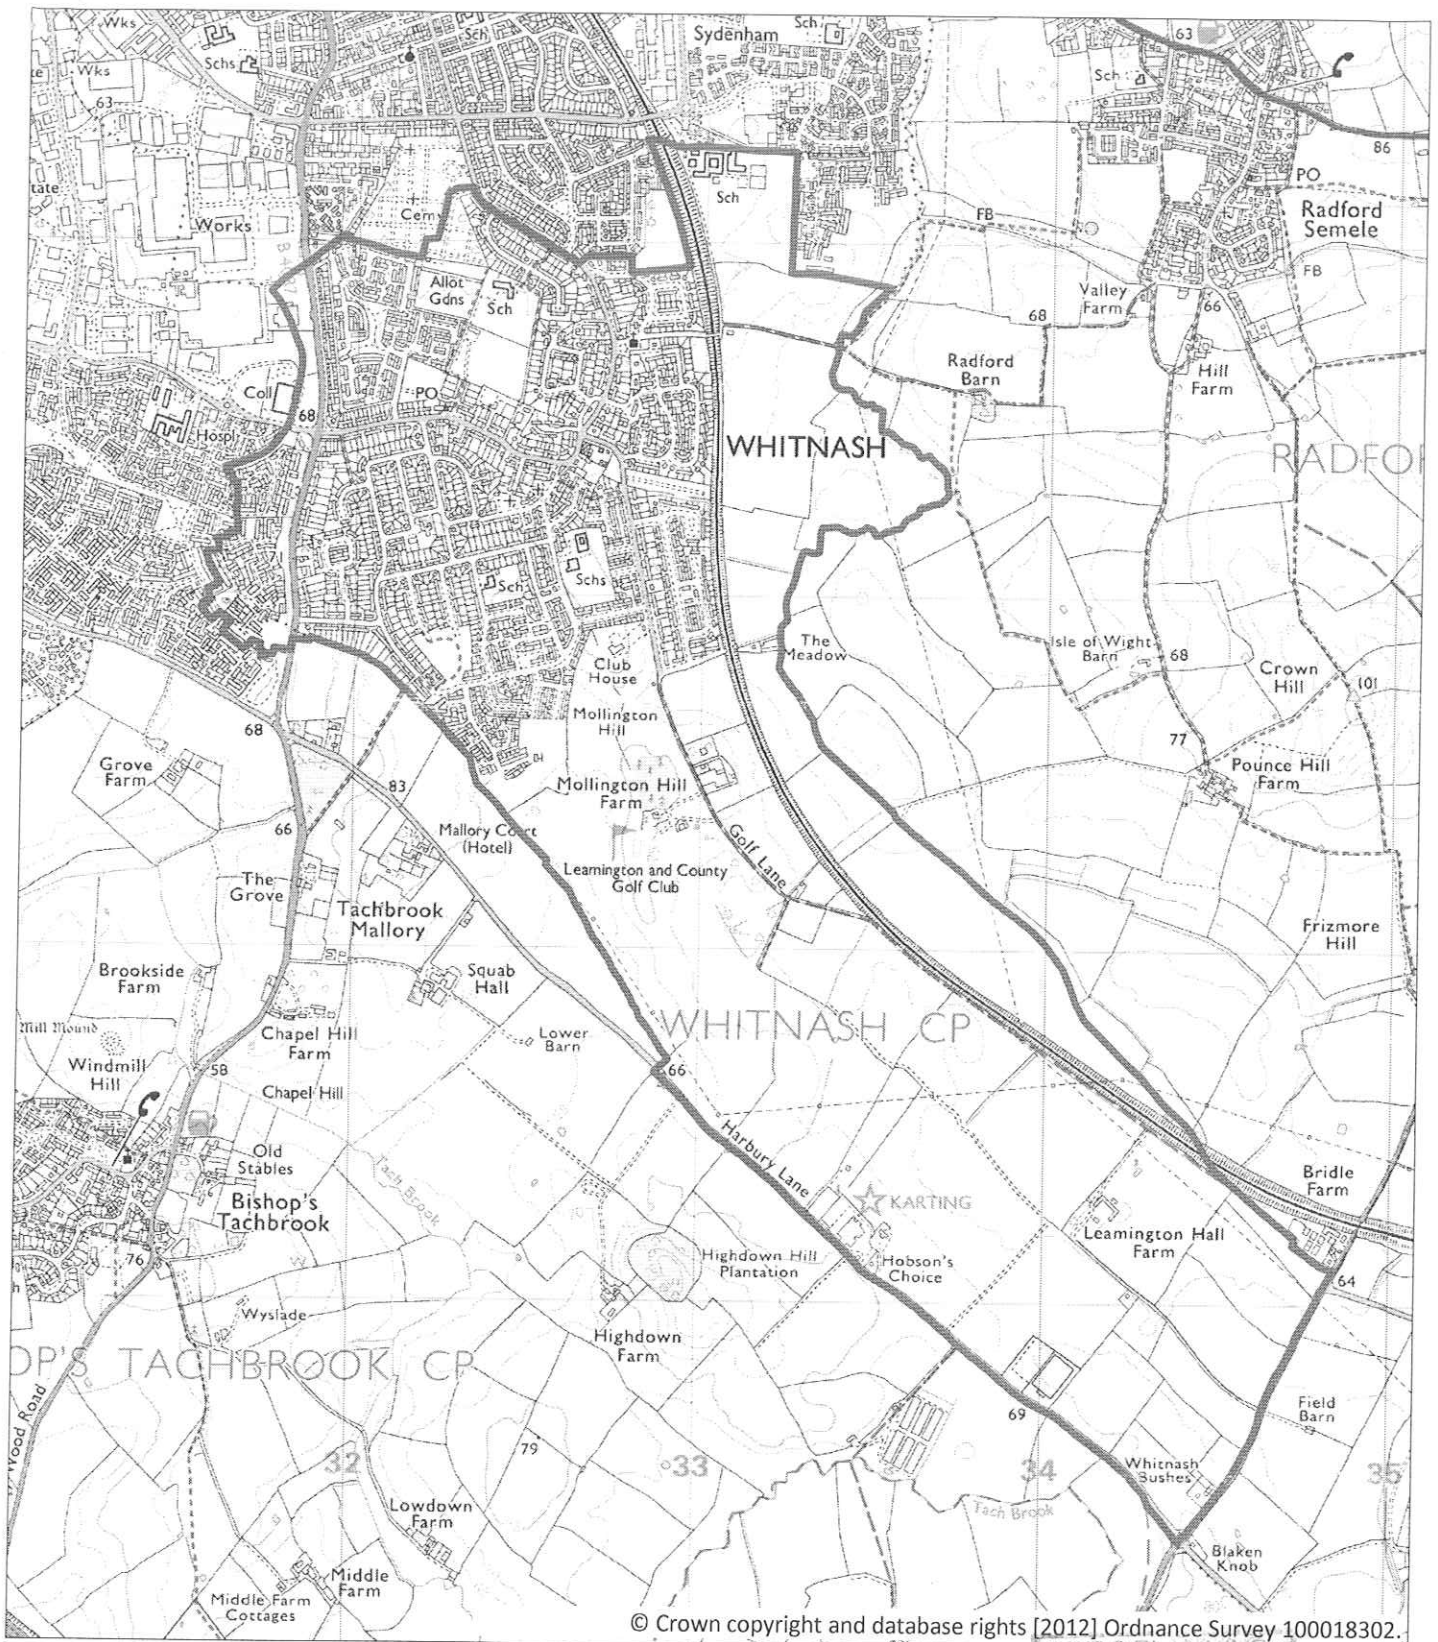

1. A map identifying the area we would like designated as the Neighbourhood Plan Area is attached. This is the current boundary of Whitnash.
2. The Designated Neighbourhood Plan Area is the current boundary and administrative area of Whitnash Town Council. Councillors currently represent and serve this area. A Town Plan Questionnaire has been carried out and recently a Housing Needs Survey was also undertaken.
3. Whitnash Town Council is a qualified body to lead the Neighbourhood Plan as the area submitted consists of the whole area of the Town Council.

Please can you process Whitnash Town Council's Designation of Neighbourhood Plan Area application?

Yours sincerely

Jenny Mason
