Dear Dave Barber,

Subject: Warwick District Council Revised Development Strategy

Thank you for giving Rugby Borough Council the opportunity to comment on Warwick District's Revised Development Strategy June 2013 consultation document. The document sets out a level of growth for the district of 12,300 homes between 2011 and 2029, based upon an employment led projection. The document highlights that the growth figure are interim and are subject to the outcome of the joint Sub Regional Strategic Housing Market Assessment (SHMA) which is currently being undertaken. Therefore until the completion of the joint SHMA and the implications of the study are discussed between the authorities, Rugby Borough Council are unable to make any comments regarding the soundness of the document at this moment in time.

It is also acknowledged that Warwick District Council are also consulting upon its Preliminary Draft Community Infrastructure Levy and Sites for Gypsy and Traveller document which Rugby Borough Council are satisfied with the content of.

Yours Sincerely

Rajvir Bahey
