Dear Mr Barber,

Planning consultation: Community Infrastructure Levy – Preliminary Draft Charging Schedule.
Location: Warwick District Council

Thank you for your consultation on the above dated 17 June 2013 which was received by Natural England on the same date.

Natural England is a non-departmental public body. Our statutory purpose is to ensure that the natural environment is conserved, enhanced, and managed for the benefit of present and future generations, thereby contributing to sustainable development.

Community Infrastructure Levy (CIL)

Natural England is not a service provider, nor do we have detailed knowledge of infrastructure requirements of the area concerned. However, we note that the National Planning Policy Framework Para 114 states “Local planning authorities should set out a strategic approach in their Local Plans, planning positively for the creation, protection, enhancement and management of networks of biodiversity and green infrastructure.” We view CIL as playing an important role in delivering such a strategic approach.

As such we advise that the council gives careful consideration to how it intends to meet this aspect of the NPPF, and the role of the CIL in this. In the absence of a CIL approach to enhancing the natural environment, we would be concerned that the only enhancements to the natural environment would be ad hoc, and not deliver a strategic approach, and that as such the local plan may not be consistent with the NPPF.

Potential infrastructure requirements may include:

- Access to natural greenspace.
- Allotment provision.
- Infrastructure identified in the local Rights of Way Improvement Plan.
- Infrastructure identified by any Local Nature Partnerships and or BAP projects.
- Infrastructure identified by any AONB management plans.
- Infrastructure identified by any Green infrastructure strategies.
- Other community aspirations or other green infrastructure projects (e.g. street tree planting).
- Infrastructure identified to deliver climate change mitigation and adaptation.
- Any infrastructure requirements needed to ensure that the Local Plan is Habitats Regulation Assessment compliant (further discussion with Natural England will be required should this be the case.)

With the above in mind Natural England advises that the draft CIL charge schedule does not provide enough detail to cover infrastructure requirements for the natural environment.

We would be happy to comment further should the need arise but if in the meantime you have any queries please do not hesitate to contact us.

For any queries relating to the specific advice in this letter only please contact Hayley Fleming on 0300 060 1594. For any new consultations, or to provide further information on this consultation please send your correspondences to consultations@naturalengland.org.uk.

We really value your feedback to help us improve the service we offer. We have attached a feedback form to this letter and welcome any comments you might have about our service.

Yours sincerely

Hayley Fleming
