Given the overall amount of housing to be accommodated within the District, and the significant outstanding needs of rural communities, we fully support the conclusion drawn that allocations need to be made to the most sustainable villages (as identified in the Draft Settlement Hierarchy Report 2013). We also recognise that work is still ongoing and that it is not yet possible to determine precisely how much development each of the settlements will be able to accommodate. We therefore support paragraphs 4.3.14 and 4.3.15.
