Dears Sirs
Proposed sites for gipsies and Travellers

I wish to object to the proposed site GT02.

My Concerns are as follows

1. Access to local amenities- the nearest doctors has no capacity for new patients
The nearest primary, junior and secondary schools are already at capacity.
2. Travel- The site is already on a high risk travel route, the existing bus stop is dangerous.
No path or pavement to walk anywhere.
3. This is already running as a business which will cease if this is given the go ahead with the result being a loss of local jobs
4. The proposed site will have a visual impact as the site is in effect in a valley so cant be screened.
