- Convenient access to a GP surgery, school and public transport;
- Avoiding areas with a high risk of flooding;
- Safe access to the road network and provision for parking, turning and servicing on site;
- Provision of utilities (running water, toilet facilities waste disposal etc);

- Sites which can be integrated into the landscape without harming the character of the area.
- Promotes peaceful and integrated co-existence between the site and the local community;

to the proposals on the following grounds -

Sir,

Land at references GT02,03 & 04 (areas with which I am familiar) all contain substantial businesses which would be seriously adversely affected by the presence of a traveller site. Any perceived need to develop these areas would be obviated by using instead the recently installed sports pitch on Harbury Lane adjacent to the Mallory Court Hotel. This area is rarely used and already contains the necessary infrastructure. Furthermore it would save the local ratepayers (not of course including the travellers!) a considerable sum.

Please continue on a separate sheet if necessary

Do you have any other suggestions for land within Warwick District that you think would be suitable for use as a Gypsy and Traveller site, bearing in mind the criteria for site identification?. If so, please give the location and the landowners details below:
