Criteria by which Gypsy and Traveller's sites will be judged for suitability and sustainability by Warwick District Council:

- Convenient access to a GP surgery, school and public transport;
- Avoiding areas with a high risk of flooding;
- Safe access to the road network and provision for parking, turning and servicing on site;
- Provision of utilities (running water, toilet facilities waste disposal etc);
- Avoiding areas where there could be an adverse impact on important features of the natural and historic environment; and,
- Sites which can be integrated into the landscape without harming the character of the area.
- Promotes peaceful and integrated co-existence between the site and the local community;
- Avoids placing undue pressure on local infrastructure and services;
- Reflects the extent to which traditional lifestyles (whereby some travellers live and work from the same location thereby omitting many travel to work journeys) can contribute to sustainability.

IT IS IMPORTANT to comment/object adhering to the above criteria and the council provided form follows that process. It is implied that you should use the WDC form or the response form available online. Please set out full details of your objection or representation of support with reference to the criteria as outlined by the council.

I object strongly to the proposal to Site a Gypsy + Traveller site on the exhibition Centre, Fosse way. The exhibition centre has been up and running for sometime now, it would be misguided and a disgrace to destroy it. I and many friends have exhibited there and I know people who regularly go to events as a day out. To consider compulsory purchas of the exhibition Centre is 'Beyond Belief.'

The site itself is in a poor position for access especially for large axled vehicles. The round-about and road are very dangerous, with the traffic usually fast and if children have to use buses to get to & from school. There are no foot-paths from the bus stop. Cycling is also dangerous on the main road.

The nearest GP Surgery is Craft Medical Centre which is now closed to new patients. — contd on reverse

to the proposals on the following grounds -

I also object on the grounds that it is a historical site + also very beautiful with many species of butterflies, wildlife and adjacent woodland.

To destroy the Exhibition Centre would put many people out of work and local pubs and shops would lose the passing trade.
