Criteria by which Gypsy and Traveller's sites will be judged for suitability and sustainability by Warwick District Council:

- Convenient access to a GP surgery, school and public transport;
- Avoiding areas with a high risk of flooding;
- Safe access to the road network and provision for parking, turning and servicing on site;
- Provision of utilities (running water, toilet facilities waste disposal etc);
- Avoiding areas where there could be an adverse impact on important features of the natural and historic environment; and,
- Sites which can be integrated into the landscape without harming the character of the area.
- Promotes peaceful and integrated co-existence between the site and the local community;
- Avoids placing undue pressure on local infrastructure and services;
- Reflects the extent to which traditional lifestyles (whereby some travellers live and work from the same location thereby omitting many travel to work journeys) can contribute to sustainability.

IT IS IMPORTANT to comment/object adhering to the above criteria and the council provided form follows that process. It is implied that you should use the WDC form or the response form available online. YOU ARE HOWEVER STILL PERMITTED to respond by writing to the Council's Development Policy Manager or you could choose to use this site specific form prepared for GT 02

Please set out full details of your objection or representation of support with reference to the criteria as outlined by the council.

- My 'local' GP is already incredibly hard to get an appointment to see
- I do not believe this road can tolerate the additional influx of a new community at this site
- The road is already dangerous for my children as we walk along it to school
- I am concerned by the closure of local businesses and compulsory purchasing that this site would require.
- I am concerned that this site, beside an ancient Roman road, is probably of significant archaeological interest.
- I am also concerned about the impact on the wildlife of this area of beautiful Warwickshire countryside

Areas of concern could include:

• Agriculture • Animal Welfare • Co-existence • Crime • Ecology and Habitat • Education/Schools • Healthcare/ Surgeries • Highways and Safety • Local Economy • Rural Landscape • Services and Utilities • Tourism • Traffic Density/ Flow • Urbanisation.

to the proposals on the following grounds -

As my house is on the main road through Radford Senele, I have to walk my son to school along what is already a very busy, fast and dangerous road as I am sure the frequent siting of a mobile traffic camera police car outside my house demonstrates. I am concerned that siting a community a mile down this road will lead to extra traffic but no reduction in speed, and I am worried for the safety of my children. I am also concerned about the potential impact on the school in the village and how an influx of extra children in the local area might change the small community atmosphere there.

I am also troubled to learn that this site would mean the closure of the Exhibition Centre.

Do you have any other suggestions for land within Warwick District that you think would be suitable for use as a Gypsy and Traveller site, bearing in mind the criteria for site identification? If so, please give the location and the landowners details below.
