Part A is going to be overbuild in this Area of our Warwick community and people will not be able to get about as well as they should for themselves, I find all this building very cramping for the community and not enough park, play areas for families to enjoy the houses, are small and you cannot swing a cat let alone a adult and their children, I now what government said to Development Strategy, to put these in place, for our new community, but would they want to live in these themselves, for the time they had to live for in our society or try and get about from one end of a town of Warwick to Leamington, town and struggle with the spaces they have and difficult areas make or not in our society.
Green Belt should not be allowed to be build on at all.

Green Belt should not be allowed to be build on at all. This again overbuild to the ~~put~~ point where we do not know if we are in Whitnash or not has, we are building. Write over the name it 'Self', How good is that for our community, very cramping to live again and a struggle to get from end of Leamington to Warwick, our community now has to ask where they are towns, or city or streets because streets names gone do not know where they are at all and confused, especially elderly and venerables and strangers asking directions, all the time in our society. Remember you cannot get about on that estate, they are just like sardines in tin houses plus you have to think of your society having hate crime in these areas, please give thought to your police and neighbourhood watch in your housing areas, too. Who keep our society socializing in the ~~the~~ right way in these areas. and foreigners who do not know where they are too.
