Support Object

Please set out full details of your objection or representation of support. If objecting, please set out what changes could be made to resolve your objection (Use a separate sheet if necessary).

I would like to register my objection to large scale building of new houses on the land to the rear of Beurbrook House at Hatton Park. The area is prone to flood easily in the balancing lake for the estate. The proposal to build more affordable housing favours the younger people. There is never a mention of housing for the more mature, namely bungalow. The infrastructure is already stretched. Schools haven't got sufficient places, also doctors & hospitals in the area. There is also the green belt in view of ecological disruption. We have a good range of green space & wildlife. It would be beneficial to protect it!!
