Dear Sir,

Local Housing Plan

We are not opposed in principle to the proposed plan to provide much needed housing.

It is the infrastructure that appears key to success. Without major changes to the road system around Warwick Town, there will be very serious congestion and gridlock in the streets. This in itself would make have a major effect on the choice of sites. In some countries the infrastructure costs (roads in particular) have to be borne by the developers. We have strong objections to these being levied on the ratepayers.

Yours sincerely,

Warwick District Council
c.c. Chris White MP.
