

21-7-13

To Warwick District Council.

I strongly oppose the plans you have for building around the Whitnash area.

You do not need as many as you are saying, they need to be more areas included, not just saturate one area.

You should be building on brownfield land not our open fields which is part of our countryside.

There is a great need for schools, doctors, allowances for the extra transport

which will be horrendous.
Every town, villages should
be given a small amount
of houses to even everything
out.

As for Gypsy sites, the
definition of Gypsies Travellers
is people who want to be
on the move and not settle
in one place.

These people pay no council
tax or contribute to the
community so these issues
need to be addressed.

ours sincerely
