

2
proposed Gypsy & Traveller site options. I am afraid they have a bad reputation and its mainly how they want to live. They seem to leave lots of rubbish around and make everywhere look uncared for. If children are involved needing a school for a short time that can interfere with the routine running of the school with continuity

Do these people pay towards all these resources or does the taxpayer fund it all?

In conclusion, do we really need all these houses in such a small area?

Yours faithfully,
