Dear Sir, Re - consultation for the revised new
Local Plan / Revised Development Strategy.

① The 4,500^{houses} in the south of Leamington + Warwick
is far too great a number at one time, as
are the 500 east of Whitnash + 220-250 east of
Littington + 700 east of Kenilworth.

② The roads + infrastructure in the key road,
Europa way^{areas} are already full to capacity.

③ This is a land grab by developers.

④ The land needs to be used for agriculture
to produce food.

⑤ This area has already had an 18% increase
in houses over the last 18 years; 12,300 more
is completely excessive.
