## Criteria by which Gypsy and Traveller's sites will be judged for suitability and sustainability by Warwick District Council:

- Convenient access to a GP surgery, school and public transport;
- Avoiding areas with a high risk of flooding;
- Safe access to the road network and provision for parking, turning and servicing on site;
- Provision of utilities (running water, toilet facilities waste disposal etc);
- Avoiding areas where there could be an adverse impact on important features of the natural and historic environment; and,
- Sites which can be integrated into the landscape without harming the character of the area.
- Promotes peaceful and integrated co-existence between the site and the local community;
- Avoids placing undue pressure on local infrastructure and services;
- Reflects the extent to which traditional lifestyles (whereby some travellers live and work from the same location thereby omitting many travel to work journeys) can contribute to sustainability.

(GT02)

Convenient access to GP surgery, school & public transport.  
Nearest GP surgery is ~~at~~ full capacity, the nearest schools are all at full capacity and public transport there is buses running from southern to Leamington the bus stop as far as I am aware is on a grass verge; no pavements to get to it which leads me to the road ~~which~~ which is a very busy commuter road already which ~~has~~ has had 12 serious accidents in the last 3 years.  
Environment would be damaged, it would have a very high visual impact from the fosseway and Harbury, site has no mains gas, mains sewerage or drainage. It would have an impact on wildlifes habitat.

to the proposals on the following grounds -

Agriculture.  
Site is part of an area of some 50 acres of farmed land,  
Crop damage due to rubbish deposits ect.  
GTO2 close to traditional woodland which provide a great habitat for birds + small animals that will be greatly affected by the proposed site. The woods are known to be home for pipistrelle bats, great crested newts, and many more.

## Local business

The Exhibition Centre would/will lose business which will mean job losses as it would eventually have to stop trading. This will have an impact on local B+B's, Shop's ect. ~~as~~ as people would no longer come and use these facilities.

## Historic

Q102 location is right next to the fosse way which was built following the roman invasion in AD43, 2000 years ago, there was a tollhouse on the junction of the fosse + southam Road. So it has historical value. Also it is close to two historical woodlands,
