## Criteria by which Gypsy and Traveller's sites will be judged for suitability and sustainability by Warwick District Council:

- Convenient access to a GP surgery, school and public transport;
- Avoiding areas with a high risk of flooding;
- Safe access to the road network and provision for parking, turning and servicing on site;
- Provision of utilities (running water, toilet facilities waste disposal etc);
- Avoiding areas where there could be an adverse impact on important features of the natural and historic environment; and,
- Sites which can be integrated into the landscape without harming the character of the area.
- Promotes peaceful and integrated co-existence between the site and the local community;
- Avoids placing undue pressure on local infrastructure and services;
- Reflects the extent to which traditional lifestyles (whereby some travellers live and work from the same location thereby omitting many travel to work journeys) can contribute to sustainability.

IT IS IMPORTANT to comment/object adhering to the above criteria and the council provided form follows that process. It is implied that you should use the WDC form or the response form available online. YOU ARE HOWEVER STILL PERMITTED to respond by writing to the Council's Development Policy Manager or you could choose to use this site specific form prepared for GT 02

I believe if the site goes ahead it will ruin a beautiful area of countryside. It will not be able to be screened as it is an elevated site, this would ruin a beautiful view as you come from Radford, harming the character of the area. Providing safe access to the main road, which at certain parts of the day is already very busy.

The Exhibition Centre is an asset to the area, it provides work as well and bringing visitors to the area who will visit towns spending money.

Utilities will also need to be provided, this will cost vast amounts of money, erecting toilet block which are also unattractive. Local schools who are already over subscribed would need to provide

Places for travellers placing pressure on local authorities

Warwick District Council will judge proposed sites against the nationally accepted criteria. The purpose of the criteria is to seek to meet the requirements of the Gypsy and Travellers community not necessarily local residents, businesses and employment.

Areas of concern could include:

• Agriculture • Animal Welfare • Co-existence • ~~Crime~~ • Ecology and Habitat • Education/Schools • Healthcare/Surgeries • Highways and Safety • Local Economy • Rural Landscape • Services and Utilities • Tourism • Traffic Density/Flow • Urbanisation.

to the proposals on the following grounds -

As already mentioned services and utilities would need to be provided to this site, my concern would also be the increase in traffic and how entry and exit would be provided safely. Local doctors would also need to provide services which is already very stretched. To conclude this is a unsuitable site for many reasons not least it would ruin a beautiful countryside view.
