Criteria by which Gypsy and Traveller's sites will be judged for suitability and sustainability by Warwick District Council:

- Convenient access to a GP surgery, school and public transport;
- Avoiding areas with a high risk of flooding;
- Safe access to the road network and provision for parking, turning and servicing on site;
- Provision of utilities (running water, toilet facilities waste disposal etc);
- Avoiding areas where there could be an adverse impact on important features of the natural and historic environment; and,
- Sites which can be integrated into the landscape without harming the character of the area.
- Promotes peaceful and integrated co-existence between the site and the local community;
- Avoids placing undue pressure on local infrastructure and services;
- Reflects the extent to which traditional lifestyles (whereby some travellers live and work from the same location thereby omitting many travel to work journeys) can contribute to sustainability.

IT IS IMPORTANT to comment/object adhering to the above criteria and the council provided form follows that process. It is implied that you should use the WDC form or the response form available online. YOU ARE HOWEVER STILL PERMITTED to respond by writing to the Council's Development Policy Manager or you could choose to use this site specific form prepared for GT 02

Please set out full details of your objection or representation of support with reference to the criteria as outlined by the council.

I object as I feel it would be a loss to the local economy, B+B's, Farm Shop etc. and is crucial for "enthusiast" exhibitions. The local surgeries are full already so I do not see how they could possibly cope with extra numbers, especially as the site is not a safe location; the high number of signs on the Fosse Way confirm this. Transport is not good so how would the site be serviced by buses - there is only one a day! Notwithstanding that the site is of historic interest and this should be preserved.

Warwick District Council will judge proposed sites against the nationally accepted criteria. The purpose of the criteria is to seek to meet the requirements of the Gypsy and Travellers community not necessarily local residents, businesses and employment.

Areas of concern could include:

• Agriculture • Animal Welfare • Co-existence • Crime • Ecology and Habitat • Education/Schools • Healthcare/Surgeries • Highways and Safety • Local Economy • Rural Landscape • Services and Utilities • Tourism • Traffic Density/Flow • Urbanisation.

to the proposals on the following grounds -

*The main objective is that especially under the present economic climate we should not be making a decision that will close any business, especially not one that is so obviously thriving and all the businesses that feed off the Exhibition Centre. It just does not make sense that a site is being considered that houses a successful and thriving business where considerable investment has been made for the foreseeable future.

To we really want to close 2 exhibition centres (the Stoneleigh one due to HS2) and the Warwickshire one, and lose the business to the NEC, Birmingham - we do not! We should keep the Warwickshire Exhibition Centre going for the sake of many local businesses (farm shops, B+B's etc).
