Criteria by which Gypsy and Traveller's sites will be judged for suitability and sustainability by Warwick District Council:

- Convenient access to a GP surgery, school and public transport;
- Avoiding areas with a high risk of flooding;
- Safe access to the road network and provision for parking, turning and servicing on site;
- Provision of utilities (running water, toilet facilities waste disposal etc);
- Avoiding areas where there could be an adverse impact on important features of the natural and historic environment; and,
- Sites which can be integrated into the landscape without harming the character of the area.
- Promotes peaceful and integrated co-existence between the site and the local community;
- Avoids placing undue pressure on local infrastructure and services;
- Reflects the extent to which traditional lifestyles (whereby some travellers live and work from the same location thereby omitting many travel to work journeys) can contribute to sustainability.

IT IS IMPORTANT to comment/object adhering to the above criteria and the council provided form follows that process. It is implied that you should use the WDC form or the response form available online. YOU ARE HOWEVER STILL PERMITTED to respond by writing to the Council's Development Policy Manager or you could choose to use this site specific form prepared for GT 02

Please set out full details of your objection or representation of support with reference to the criteria as outlined by the council.

I think the proposed area is not suitable as it will include the current exhibition centre which will be adversely affected. It borders a busy intersection of the B425 + will only add to the volume of traffic. All amenities are some distance from the proposed site - South, Harburg. The GP practice at Harburg is already oversubscribed. This is a very rural area + visual impact will be negative.

Please continue on a separate sheet if necessary

Warwick District Council will judge proposed sites against the nationally accepted criteria. The purpose of the criteria is to seek to meet the requirements of the Gypsy and Travellers community not necessarily local residents, businesses and employment.

Areas of concern could include:

• Agriculture • Animal Welfare • Co-existence • Crime • Ecology and Habitat • Education/Schools • Healthcare/Surgeries • Highways and Safety • Local Economy • Rural Landscape • Services and Utilities • Tourism • Traffic Density/Flow • Urbanisation.

to the proposals on the following grounds -

as previously stated I believe there will be negative impacts:

- agriculture
- ecology & habitat
- healthcare / surgeries over subscribed
- no schools in close proximity
- Traffic density / flow
- urbanisation as very rural area
