- Sites which can be integrated into the landscape without harming the character of the area.
- Promotes peaceful and integrated co-existence between the site and the local community;
- Avoids placing undue pressure on local infrastructure and services;

Please set out full details of your objection or representation of support with reference to the criteria as outlined by the council.

- 1) There is no near GP surgery to this proposed site. Many GP surgeries are full.
- 2) The proposed access to the site is on a narrow and dangerous road. Trying to turn in and out with long trailers will cause danger and chaos to all, traveller and other regular road users.
- 3) There are no pavements around site only grass verges. To catch a bus (not many) you will have to stand very close to road. It will be dangerous for small children.

to the proposals on the following grounds –

Schools will have to find places for many more children who will have to be driven to school. (Nearest school is Radford Semele - too dangerous to walk there along roadside verges.

The Warwickshire Exhibition Centre is a valued asset which brings in jobs and people to the area (local hotels and restaurants benefit). They also kindly help local charities by hosting events.

The visual impact of the sight will spoil the lovely views from a long way around as you drive down the hills.

Site is on Archaeological Register.

There will be a bad effect on wildlife habitat. Too much noise and disturbance.
