## Criteria by which Gypsy and Traveller's sites will be judged for suitability and sustainability by Warwick District Council:

- Convenient access to a GP surgery, school and public transport;
- Avoiding areas with a high risk of flooding;
- Safe access to the road network and provision for parking, turning and servicing on site;
- Provision of utilities (running water, toilet facilities waste disposal etc);
- Avoiding areas where there could be an adverse impact on important features of the natural and historic environment; and,
- Sites which can be integrated into the landscape without harming the character of the area.
- Promotes peaceful and integrated co-existence between the site and the local community;
- Avoids placing undue pressure on local infrastructure and services;
- Reflects the extent to which traditional lifestyles (whereby some travellers live and work from the same location thereby omitting many travel to work journeys) can contribute to sustainability.

IT IS IMPORTANT to comment/object adhering to the above criteria and the council provided form follows that process. It is implied that you should use the WDC form or the response form available online. YOU ARE HOWEVER STILL PERMITTED to respond by writing to the Council's Development Policy Manager or you could choose to use this site specific form prepared for GT 02

~~I SUPPORT~~

(Please delete as required.)

Please set out full details of your objection or representation of support with reference to the criteria as outlined by the council.

- I object to the proposed Gypsy/Travellers site for many reasons.
- No.1. The owners of Warwickshire Exhibition Centre have worked very hard over the last twenty years spending a lot of time and money bringing it up to the standard it is today, all to be taken away from them; Also the Fosse is a High Risk route so surely this would cause a lot of problems.
- No.2. How come Warwick Council has the money to purchase land, supplying all the amenities ie:- Electric, Sewerage, Drainage etc, when as one of the Council cutbacks is to plunge Radford Semale into darkness at midnight winter & summer.
- No.3. Schools, cut backs are, even if you have children at one school it doesn't guarantee that their siblings will be able to attend that same school.
- No.4. on second page.

No. 4.

• Keeping grass verges tidy  
at the side of roads.  
• The grass is so long on the  
main Southam Rd you cannot  
see the Radford Semole sign.  
If it is necessary for all the cut  
backs (& more). How can the  
Council afford to provide sites  
for these people,
