Criteria District Council:

- Convenient access to a GP surgery, school and public transport;
- Avoiding areas with a high risk of flooding;
- Safe access to the road network and provision for parking, turning and servicing on site;
- Provision of utilities (running water, toilet facilities waste disposal etc);
- Avoiding areas where there could be an adverse impact on important features of the natural and historic environment; and,
- Sites which can be integrated into the landscape without harming the character of the area.
- Promotes peaceful and integrated co-existence between the site and the local community;
- Avoids placing undue pressure on local infrastructure and services;
- Reflects the extent to which traditional lifestyles (whereby some travellers live and work from the same location thereby omitting many travel to work journeys) can contribute to sustainability.

IT IS IMPORTANT to comment/object adhering to the above criteria and the council provided form follows that process. It is implied that you should use the WDC form or the response form available online. YOU ARE HOWEVER STILL PERMITTED to respond by writing to the Council's Development Policy Manager or you could choose to use this site specific form prepared for GT 02

I OBJECT

Please set out full details of your objection or representation of support with reference to the criteria as outlined by the council.

- currently the nearest GP surgery is full. Presumably significant investment would be required to increase capacity. I also believe that the local school had too many applicants for the first school this year.
- currently the road from the proposed site to Radford would be too dangerous to walk, again significant investment would be required to make this route safe to walk on.
- there would also be an impact on the environment were this site chosen.

Warwick District Council will judge proposed sites against the nationally accepted criteria. The purpose of the criteria is to seek to meet the requirements of the Gypsy and Travellers community not necessarily local residents, businesses and employment.

Areas of concern could include:

• Agriculture • Animal Welfare • Co-existence • Crime • Ecology and Habitat • Education/Schools • Healthcare/ Surgeries • Highways and Safety • Local Economy • Rural Landscape • Services and Utilities • Tourism • Traffic Density/ Flow • Urbanisation.

to the proposals on the following grounds -

The council identifies 'economy' as one of its 'Categories of convenience'. On this basis alone I fail to see why we as a district would risk losing the exhibition centre which forms such a valuable part of our local economy. With thousands of delegates attending events throughout the year, surely the local economy receives a vital boost. These delegates will use local bed & breakfast establishments, pubs, petrol stations & the amenities of Leamington Spa. Surely we cannot afford to lose the economic benefits this venue provides ALL of the district, particularly in times of economic turmoil where every attempt should be made to encourage well organised & responsible businesses such as the Exhibition Centre. Further, by mere inclusion on this list of potential sites we threaten the economic viability of this business so please, remove this option from your list.

Regards, Craig Reed
