Please set out full details of your objection or representation of support with reference to the criteria as outlined by the council.

I would only object to this site being used as a Gypsy and travellers site if this community, once placed, was not obliged to pay for the services they received. i.e. lighting, water, sewerage, waste collection, medical services etc. As a tax payer - it would only be fair for this community as with any other local community to contribute towards the services it receives.

I do not see any point in objecting on any other grounds, as I know that the decision has already been made + that this is a paper exercise to ensure that all the right boxes are ticked for auditing purposes (again another strain on tax payers contributions) Thank you for your time.
