

# Gypsy and Travellers Site Options Response to Site GT02

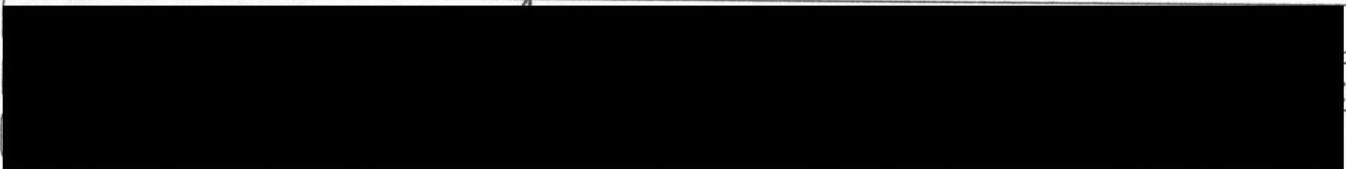

Land abutting the Fosse Way at its junction with the A425

For Official Use Only

Ref: 9841

Rep. Ref.

Title MR First name/initials DAVID Surname TAYLOR

## Criteria by which Gypsy and Traveller's sites will be judged for suitability and sustainability by Warwick District Council:

- Convenient access to a GP surgery, school and public transport;
- Avoiding areas with a high risk of flooding;
- Safe access to the road network and provision for parking, turning and servicing on site;
- Provision of utilities (running water, toilet facilities waste disposal etc);
- Avoiding areas where there could be an adverse impact on important features of the natural and historic environment; and,
- Sites which can be integrated into the landscape without harming the character of the area.
- Promotes peaceful and integrated co-existence between the site and the local community;
- Avoids placing undue pressure on local infrastructure and services;
- Reflects the extent to which traditional lifestyles (whereby some travellers live and work from the same location thereby omitting many travel to work journeys) can contribute to sustainability.

IT IS IMPORTANT to comment/object adhering to the above criteria and the council provided form follows that process. It is implied that you should use the WDC form or the response form available online. YOU ARE HOWEVER STILL PERMITTED to respond by writing to the Council's Development Policy Manager or you could choose to use this site specific form prepared for GT 02

**OBJECT**

**APPROVE**

(Please delete as required.)

Please set out full details of your objection or representation of support with reference to the criteria as outlined by the council.

*I object to a Gypsy and Travellers Site which is proposed on the Fosse Way adjacent to Fox Garage on the reasons below:-*

- (1) It has been flooded on several occasions during periods of heavy rain.*
- (2) The junction with Middle Road (the main bus route into Narbury), has had several accidents and is a dangerous junction at the best of times.*
- (3) The area is used mainly for agricultural purposes.*

Please continue on a separate sheet if necessary
