Telephone

Criteria by which Gypsy and Traveller Sites should be assessed

District Council:

- Convenient access to a GP surgery, school and public transport;
- Avoiding areas with a high risk of flooding;
- Safe access to the road network and provision for parking, turning and servicing on site;
- Provision of utilities (running water, toilet facilities waste disposal etc);
- Avoiding areas where there could be an adverse impact on important features of the natural and historic environment; and,
- Sites which can be integrated into the landscape without harming the character of the area.
- Promotes peaceful and integrated co-existence between the site and the local community;
- Avoids placing undue pressure on local infrastructure and services;
- Reflects the extent to which traditional lifestyles (whereby some travellers live and work from the same location thereby omitting many travel to work journeys) can contribute to sustainability.

IT IS IMPORTANT to comment/object adhering to the above criteria and the council provided form follows that process. It is implied that you should use the WDC form or the response form available online. YOU ARE HOWEVER STILL PERMITTED to respond by writing to the Council's Development Policy Manager or you could choose to use this site specific form prepared for GT 02

APPROVE

(Please delete as required.)

Please set out full details of your objection or representation of support with reference to the criteria as outlined by the council.

✓ If this plan goes ahead, it will result in the closure of the Warwickshire Exhibition Centre, which has lost prospective business already due to this plan, and up to 40 jobs could be at risk. The nearest Doctors surgery has no capacity for the influx of new patients, and no direct bus route. The site is a high risk travel route, with more than 12 accidents in the last 3 years, there are no pavements or paths to walk anywhere. This is a very, very busy road. The visual impact across the valley gateway to Leamington and Warwick would be spoilt!! I strongly disagree with this plan.

Please continue on a separate sheet if necessary
