**Criteria  
District Council:**

- Convenient access to a GP surgery, school and public transport;
- Avoiding areas with a high risk of flooding;
- Safe access to the road network and provision for parking, turning and servicing on site;
- Provision of utilities (running water, toilet facilities waste disposal etc);
- Avoiding areas where there could be an adverse impact on important features of the natural and historic environment; and,
- Sites which can be integrated into the landscape without harming the character of the area.
- Promotes peaceful and integrated co-existence between the site and the local community;
- Avoids placing undue pressure on local infrastructure and services;
- Reflects the extent to which traditional lifestyles (whereby some travellers live and work from the same location thereby omitting many travel to work journeys) can contribute to sustainability.

IT IS IMPORTANT to comment/object adhering to the above criteria and the council provided form follows that process. It is implied that you should use the WDC form or the response form available online. YOU ARE HOWEVER STILL PERMITTED to respond by writing to the Council's Development Policy Manager or you could choose to use this site specific form prepared for GT 02

Please set out full details of your objection or representation of support with reference to the criteria as outlined by the council.

I am opposed to the above\* proposed site for the following reasons:

- There is no local G.P's surgery with space for an influx of new residents.
- V. poor transport links - infrequent buses + no safe drop off/pick up points (no pavements).
- The level of objection witnessed at public meetings would suggest that the peaceful + integrated co-existence is unlikely to be achieved. between local community + the site.
- Having lived here for 13 years we have witnessed many traffic accidents including fatalities - it is a v. dangerous road. The proposed site would lead to a
