Criteria by which Gypsy and Traveller's sites will be judged for suitability and sustainability by Warwick District Council:

- Convenient access to a GP surgery, school and public transport;
- Avoiding areas with a high risk of flooding;
- Safe access to the road network and provision for parking, turning and servicing on site;
- Provision of utilities (running water, toilet facilities waste disposal etc);
- Avoiding areas where there could be an adverse impact on important features of the natural and historic environment; and,
- Sites which can be integrated into the landscape without harming the character of the area.
- Promotes peaceful and integrated co-existence between the site and the local community;
- Avoids placing undue pressure on local infrastructure and services;
- Reflects the extent to which traditional lifestyles (whereby some travellers live and work from the same location thereby omitting many travel to work journeys) can contribute to sustainability.

IT IS IMPORTANT to comment/object adhering to the above criteria and the council provided form follows that process. It is implied that you should use the WDC form or the response form available online. YOU ARE HOWEVER STILL PERMITTED to respond by writing to the Council's Development Policy Manager or you could choose to use this site specific form prepared for GT 02

Please set out full details of your objection or representation of support with reference to the criteria as outlined by the council.

Impact on local economy:

If the plan goes ahead the Warwickshire Exhibition Centre will be losing up to 40 jobs and impacting the local economy by up to £2M.

Access to local Amenities

The nearest Doctor's surgery has no capacity for an influx of new patients, the next nearest surgery being over 5 miles away.

The local primary school is close to full capacity

Travel

The site is on a high risk travel route with more than 12 serious accidents in the last 3 years. The adjacent bus stop is on an average verge with no pavement and therefore dangerous.

Historic Environment

The site is on the Archaeological register with ancient pottery found. The land is next to a Roman road and there is a historic toll nearby.

Rural Environment

Visual impact across the valley gateway to Leamington. - Damage to wildlife habitat, the site is adjacent to protected ancient woodland¹²

Warwick District Council will judge proposed sites against the nationally accepted criteria. The purpose of the criteria is to seek to meet the requirements of the Gypsy and Travellers community not necessarily local residents, businesses and employment.

Areas of concern could include:

• Agriculture • Animal Welfare • Co-existence • Crime • Ecology and Habitat • Education/Schools • Healthcare/Surgeries • Highways and Safety • Local Economy • Rural Landscape • Services and Utilities • Tourism • Traffic Density/Flow • Urbanisation.

to the proposals on the following grounds -

The site is unsuitable due to the impact on the local economy, the inability for local amenities to cope with the additional population, the proximity to a dangerous road and the potential destruction of the historic and rural environment.
See overview for details.
