What is the nature of your representation?

Support Object

Please set out full details of your representation of support or objection. If objecting, please set out what changes could be made to resolve your objection (Use a separate sheet if necessary).

The LOCAL PLAN for HILL WOOTTON

Comments on the Village Housing Options proposed for Hill Wootton

1. I accept that it is necessary to build additional residential units to house the increasing number of inhabitants within this area. **SUPPORT**
2. I agree that villages and hamlets should do their share of provision of accommodation **SUPPORT**
3. I do not have an issue with Hill Wootton providing additional housing subject to design, location and being compatible with the shortage of amenities within the hamlet. **SUPPORT**
4. There are several locations within Hill Wootton which could offer suitable development opportunities. **SUPPORT**
5. The "preferred" site proposed by the planning authority is a possibility although there is concern about highway matters, and obviously one or two residents will have their views and amenities interfered with. **NEUTRAL**
6. The proposed development appears to be incompatible with the nature of the village, the housing within the village and the needs of the village. I am not sure for whom the planning authority are proposing should occupy these residences. It is therefore difficult for me to comment without knowing. **OBJECT**
7. If this "low cost housing" is needed for farm workers, then transport is going to be equally difficult for them to reach shops and other facilities – living in Kenilworth would give them lower cost units and more accessible amenities. I do accept that there may be valid reasons for the proposal, but I would like to know what they are and they should be discussed. One person's subsidised housing costs are another person's tax. **CONCERN [OBJECT?]**
8. As with all things, it is the supply and demand for any commodity/property that dictates the price/value. The open market will ultimately decide. **COMMENT**
9. Alternative options are possibly available. However, as far as I am aware, no one has been approached and there are "large" gardens which may be suitable for providing housing opportunities, but unlikely to be suitable for low cost housing. **COMMENT**

Part C - Commenting on the Indicative Settlement Boundaries

If you are commenting on multiple sections of the document, you will need to complete a separate sheet for each representation

Sheet of

Which settlement are you responding to?

HILL WOOTTON

What is the nature of your representation?

Support

Object

Please set out full details of your objection or representation of support. If objecting, please set out what changes could be made to resolve your objection (use a separate sheet if necessary).

Part C - Comments on the Indicative Settlement Boundaries for Hill Wootton

I have lived in Tower House, Hill Wootton for over 25 years and been proud and privileged to be a part of the hamlet of Hill Wootton over that time.

The proposal to exclude Tower House from the hamlet (which I have not taken personally although some of the residents have made great humour out of it) is unwarranted and inexplicable. I object very strongly to this exclusion and would like to know the reasons why such a proposal has been made. The Police HQ in Leek Wootton being included within the village of Leek Wootton becomes a nonsense if Tower House is excluded from Hill Wootton.

I hope that this exclusion will be rescinded, but if not I shall look forward to being given the reasons for the exclusion and I shall then take whatever action needed to get it rescinded.

My objection will be met by my property and gardens being included within the boundary of Hill Wootton.

PS. Although not essential to meet my complaint, the paddock adjoining my house and gardens could/should be included.
