OBJECT to 150 houses, this number not required according to village survey.

Options 3 & 2 (Discounted) would be better for smaller developments.

Access to development off OAKLEY WOOD ROAD would be very dangerous given this road very busy already.

Problem with surface water flooding on No 1 site.

If 150 houses were built the local roads would be more congested already very congested at peak times.

The local school is already at capacity and could not cope with more numbers.

The proposed option would be remote for new houses regards local shops bus route church pub and general amenities. Good prime farmland would be lost.
