What is the nature of your representation?

Support  Object

Please set out full details of your representation of support or objection. If objecting, please set out what changes could be made to resolve your objection (Use a separate sheet if necessary).

My objections are mainly on Environmental Issues and Landscape and Habitat Impact concerning the preferred option.

1) I live in Holt Avenue and the noise from the M40 is atrocious so I hate to think how much worse it would be any closer for anyone living there.

2) The field in question has skylarks nesting in summer and many other birds feeding in that field. Based on my observations over 30 years living here.

3) The volume of traffic on the Oakley Wood Road will add to an already busy road and cause problems joining the B4100 - another busy road at peak times.

4) Land slopes towards Holt Avenue dwellings and I am concerned about flooding of these properties.
