We agree with the Parish Council's views, that sites 2 + 3, south-east of the village off Southam Road, has less impact on residents. Although the new property designs would not readily interface with existing properties, there are a variety of designs throughout the village so we do not consider this to be a major problem.

Extension of the existing 30mph speed limit ~~that~~ is not seen as a problem, but we appreciate that footpath improvements from the sites to Lewis Road will be essential.

We believe the attractive rural setting of Site 1 should be maintained, and that the traffic implications for Site 1 will cause problems.
