What is the nature of your representation?

for Support Object

Please set out full details of your representation of support or objection. If objecting, please set out what changes could be made to resolve your objection (Use a separate sheet if necessary).

If we have to have a new development of houses in Radford Semele then the preferred option ① is the best site for the village, as a whole.

Option ④ discounted at the moment causes most concern for myself due to the narrow road of School Lane and to the local children coming in and out of school.

Therefore option ① has less impact on the main village. (I do understand there is a need for new housing and affordable housing for younger people starting out needs to be addressed.)
