If you have objected to a Preferred Option site, is there another site (green or amber) from the Alternative Sites that you would support instead? Give your reasons for preferring this site?

Do you have any other suggestions for land within this district that you think would be suitable for use as a Gypsy and Traveller site, bearing in mind the criteria for site identification? If so, please give the location and the land owner's details below:

Site should be urban not rural. Urban site would provide access to better services eg health, education. It would provide more choice over a wider area and have less impact than a rural site with already limited facilities. An urban site would have better access to public transport systems.
