Please set out full details of your objection or representation of support with reference to the criteria above.

I have ticked the cases above, relating to this site. I regard it as important as the gypsies would trash North Cubbington Wood where the Leamnickshere wild life have a living landscape project. Warwickshire is losing much of its woodland due to HS2 & building pressures for housing, and so remaining woodland should be protected for future generations. I realise this is an 'undes' site and it should not be considered even if the 'better' alternative options are not available.
