Dear Sirs,

Cubbington Freeholders site in Leicester Lane
GT08: Depot west side of Cubbington Heath Farm, Leicester Lane
Potential Sites for Gypsies and Travellers – Public Consultation

I refer to the letter sent to you on behalf of the above Association and dated 25th July 2013. It has recently come to the Committee's attention that the land in Leicester Lane owned by the Cubbington Freeholders continues to be on a list of possible sites for travellers and gypsies. The Committee have asked that a further letter be sent to you re-iterating their continuing objection to this particular site being compulsory purchased. We understand that the site has been in the ownership of Cubbington Freeholders since **February 1768** and community based organisations within the Parish of Cubbington continue to receive funding from the rental received. If the site is compulsory purchased from the Cubbington Freeholders the local community will be disadvantaged.

In the circumstances we shall be pleased if you will note the Committee's continuing objection on behalf of the above Association when further considering this project.

On behalf of Cubbington & District OAP Association.
