The Council is right to recognise that not all the housing needs arising from the District can be met by developing land which is currently outside the Green Belt. Part g) of the policy therefore appropriately recognises the need to allocate some land for development which is currently within the Green Belt and sets out genuine 'exceptional circumstances' which warrant the alterations. Without this recognition the needs of the people living in some of the most sustainable villages across the District will not be met. Similarly parts of the District in need of regeneration may be left without sufficient space to allow enabling development to proceed. This would be contrary to the thrust of the NPPF. Moreover it may well result in the development of land which would cause in greater harm to the District (such as landscape impact, highway safety and infrastructure issues etc).

8. Please set out what modification(s) you consider necessary to make the Local Plan legally compliant or sound, having regard to the test you have identified at 7. above where this relates to soundness. (Please note that any non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why this modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.
