A separate response made in respect of Policy DS6 concludes that additional housing should be accommodated within the District over an extended Plan period. As a result of increasing the total housing requirement the number of sites needed to meet the requirement will also increase. The figure for sites allocated in the Plan is therefore too low and will not ensure the objectively assessed housing needs for the Plan period are adequately met. The flexibility referred to in paragraph 2.20 is insufficient to overcome the shortfall. As a result this part of the Plan is not positively prepared, is not justified and is not consistent with

8. Please set out what modification(s) you consider necessary to make the Local Plan legally compliant or sound, having regard to the test you have identified at 7. above where this relates to soundness. (Please note that any non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why this modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

The number of houses from sites allocated in the Plan should be increased.
In order that the right sites are allocated for development it is essential that the Council firstly make a further call for sites and then consult on those sites before arriving at their preferred option, which will then need to be tested by the Inspector. We would propose the allocation of land on the edge of Cubbington, in the vicinity of Bungalows Farm. Detailed information on this is provided in a separate representation.
