REFUSE STRATEGY

Terrace Units with rear access can store the refuse bins in the rear gardens.
All gardens are to be secured with lockable timber made gates at approximately 2m High.

End Plots and Detached Units with rear access can store the refuse bins in the rear gardens.
All gardens are to be secured with lockable timber made gates at approximately 2m High.

Units with Rear Access Via personal access door on the adjoined garage to store the refuse bins either in the garage or taken through the personal access door in to the rear gardens.

Flat Over Garage/Drive-Through Units have an external access bin store under the stairs.
