Please set out full details of your objection or representation of support with reference to the criteria above.

I do not agree that any land surrounding the Warwickshire exhibition centre on the Fosse Way would be suitable for a new gypsy & travellers site. The exhibition centre has been a trading business for over 10 years getting better & better. Since the news that this would be a possible site they have already been losing business. If this site was chosen the exhibition centre would be forced to close down.

If the Exhibition Centre was forced to closed all members of staff would be unemployed. Members of staff have already left the Company due to this possibility.

I am a University student, studying Events Management and was lucky enough to be offered a job here for my year work experience placement. During my time at the Exhibition Centre I have gained invaluable experiences that will help with my degree & future career. If the site was chosen, and the exhibition centre closed down this is also depriving future students of an amazing experience.

The Exhibition Centre brings so much business to the local community as many of our exhibitors & visitors spend the weekend of events in the area using local hotels, restaurants & shops, contributing to the local economy.

It would be a real shame if the community lost such a unique business.
