This consultation is a formal process and represents an opportunity to comment on the Council's Local Plan and accompanying Sustainability Appraisal (SA) in light of the information published in the "Focussed Consultation" before it is submitted to the Secretary of State. All comments made at this stage of the process are required to follow certain guidelines as set out in the **Representation Form Guidance Notes** available separately. In particular the notes explain what is meant by legal compliance and the 'tests of soundness'.

This form has two parts:

- Part **A** – Personal Details
- Part **B** – **Your Representations**

If you are commenting on multiple sections of the document, you will need to complete a separate Part B of this form for each representation on each policy.

This form may be photocopied or alternatively extra forms can be obtained from the Council's offices or places where the plan has been made available (see the table below). You can also respond online using the Council's e-Consultation System, visit: www.warwickdc.gov.uk/newlocalplan

Please provide your contact details so that we can get in touch with you regarding your representation(s) during the examination period. Your comments (including contact details) cannot be treated as confidential because the Council is required to make them available for public inspection. If your address details change, please inform us in writing. You may withdraw your objection at any time by writing to Warwick District Council, address below.

All forms should be received by **4.45pm on Friday 12 December 2014**

To return this form, please deliver by hand or post to: **Development Policy Manager, Development Services, Warwick District Council, Riverside House, Milverton Hill, Leamington Spa, CV32 5QH** or **email:** newlocalplan@warwickdc.gov.uk

7. Please give details of why you consider the Local Plan is not legally compliant or is unsound or fails to comply with the duty co-operate. Please be as precise as possible. If you wish to support the legal compliance or soundness of the Local Plan or its compliance with the duty to cooperate, please also use this box to set out your comments.

Previously the Highways Agency commented that the addendum to the Strategic Transport Assessment identified that the proposed employment allocation will result in severe queuing at M40 Junction 15 (Longbridge Island) and that further detailed assessment of the impact on M40 Junction 15 was required before the Agency could take a view on the proposed allocation.

The Highways Agency has now undertaken its own assessment of the likely impact of the allocation on the operation of M40 Junction 15 and is satisfied that the additional traffic queues and delays that would arise from the allocation could be managed without causing severe congestion, by the traffic control system at the junction, perhaps with some adjustments.

Continue on a separate sheet if necessary

8. **Please set out what modification(s) you consider necessary to make the Local Plan legally compliant or sound, having regard to the test you have identified at 7. above where this relates to soundness. (Please note that any non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why this modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.**

In view of the assessment referred to in 7 above the Highways Agency can now accept the employment allocation in principle. Any Site Specific Policy for this employment site will need to make clear that development proposals will need to be supported by an appropriate level of transport assessment, in line with relevant policy and guidance and also by effective Travel Plan provisions, in line with Policy TR2 of the Publication Draft Local Plan. Similarly that development here will need to be delivered in parallel with any necessary infrastructure, as set out in Policy TR3 to the Local Plan.

In order for the Plan to be sound, it is important that this assurance is provided, and that any infrastructure requirements are reflected within the related Infrastructure Delivery Plan.

We anticipate that if mitigation is needed to modify the traffic control system at M40 J15 it may have to be funded through developer(s) contributions and implemented through a Highways Act s278 Agreement. However, it is anticipated that this would be a relatively modest cost for the size and nature of the proposed site.

Continue on a separate sheet if necessary

Please note your representation should cover succinctly all the information, evidence and supporting information necessary to support/justify the representation and the suggested modification, as there will not normally be a subsequent opportunity to make further representations based on the original representation at publication stage. **After this stage, further submissions will be only at the request of the Inspector, based on the matters and issues he/she identifies for examination.**

9. If your representation is seeking a modification, do you consider it necessary to participate at the oral part of the examination?

No, I do not wish to participate at the oral examination

Yes, I wish to participate at the oral examination

10. If you wish to participate at the oral part of the examination, please outline why you consider this to be necessary:

Continue on a separate sheet if necessary

Please note: This written representation carries the same weight and will be subject to the same scrutiny as oral representations. The Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate at the oral part of the examination.

11. Declaration

I understand that all comments submitted will be considered in line with this consultation, and that my comments will be made publicly available and may be identifiable to my name/organisation.
