## Part B - Commenting on the Stratford Road Gypsy and Traveller Preferred Site

The policy in the Draft Local Plan will list the criteria by which Gypsy and Traveller sites will be judged for suitability and sustainability. These are the criteria:

- a) the site is within reasonable distance of schools, GP surgeries, dentists, hospitals, shops and community facilities;
- b) the site has good access to the major road network;
- c) the site is of a suitable size to accommodate between 5 and 15 pitches for permanent sites or 12 pitches for transit sites;
- d) it can be demonstrated that infrastructure requirements can be adequately met;  
and
- e) there is potential for the site to be adequately screened.

What is the nature of your representation?  Support  Object  Comment

Please set out full details of your objection or representation of support with reference to the criteria above.

The proposed vehicular access to the site is not good, there is insufficient detail given to enable me to assess whether there are safe facilities for pedestrians and cyclists, both during the construction of the site and when the site is occupied and in use.

The proposed vehicular access will cross National Cycle Network Route 41. WCC are yet to comment on safety of vehicular/pedestrian/cyclists access.

This route is heavily used by cyclists using the adjacent pedestrian/cyclists bridge over the M40, and adequate means of access and safe access to the bridge will need to be maintained.
