Part B - Commenting on the Stratford Road Gypsy and Traveller Preferred Site

The policy in the Draft Local Plan will list the criteria by which Gypsy and Traveller sites will be judged for suitability and sustainability. These are the criteria:

- a) the site is within reasonable distance of schools, GP surgeries, dentists, hospitals, shops and community facilities;
- b) the site has good access to the major road network;
- c) the site is of a suitable size to accommodate between 5 and 15 pitches for permanent sites or 12 pitches for transit sites;
- d) it can be demonstrated that infrastructure requirements can be adequately met;
and
- e) there is potential for the site to be adequately screened.

What is the nature of your representation? Support Object Comment

Please set out full details of your objection or representation of support with reference to the criteria above.

Please note my objection to the Stratford Road Gypsy & Traveller Site Proposal:

- 1> I strongly object on the basis that the proposal cannot meet the criteria for suitable access (especially safety services) to the site where, as I understand, access via the Severn Trent Water Works will not be granted
- 2> I strongly object on the basis that the site cannot meet the criteria for suitable air quality. As a twice daily dog walker in the immediate area I can report that the air quality is extremely poor and mostly quite offensive to the senses. I estimate that there is a strong smell of sewerage on 7 out of 10 days. I question the sense in placing families so close to such poor air quality and furthermore wonder why Warwick DC would even open themselves to criticism for placing families in immediate proximity to such an unpleasant odour.
- 3> I question the rationale for placing a Traveller site on the main access to the town. It can only detract from the way the town is perceived and undoubtedly with a knock-on negative impact to commerce in the area
