Part B - Commenting on the Stratford Road Gypsy and Traveller Preferred Site

The policy in the Draft Local Plan will list the criteria by which Gypsy and Traveller sites will be judged for suitability and sustainability. These are the criteria:

- a) the site is within reasonable distance of schools, GP surgeries, dentists, hospitals, shops and community facilities;
- b) the site has good access to the major road network;
- c) the site is of a suitable size to accommodate between 5 and 15 pitches for permanent sites or 12 pitches for transit sites;
- d) it can be demonstrated that infrastructure requirements can be adequately met;
and
- e) there is potential for the site to be adequately screened.

What is the nature of your representation? Support Object Comment

Please set out full details of your objection or representation of support with reference to the criteria above.

Given the relatively small scale of the site and its likely provision of up to 15 permanent pitches, with access off the A429, it is expected that the level of trip generation would be low and that there would be no material impact on the nearest sections of the Strategic Road Network – which, in this instance comprises the A46 and M40.

The proposed allocation is unlikely to have any bearing on the overall transport evidence underpinning the Local Plan or the related IDP – on which the Agency's comments of 16 July 2014 were based.

Given the conclusions above, the Highways Agency has no further no further comment in respect of this document.
