Part B - Commenting on the Stratford Road Gypsy and Traveller Preferred Site

The policy in the Draft Local Plan will list the criteria by which Gypsy and Traveller sites will be judged for suitability and sustainability. These are the criteria:

- a) the site is within reasonable distance of schools, GP surgeries, dentists, hospitals, shops and community facilities;
- b) the site has good access to the major road network;
- c) the site is of a suitable size to accommodate between 5 and 15 pitches for permanent sites or 12 pitches for transit sites;
- d) it can be demonstrated that infrastructure requirements can be adequately met;
and
- e) there is potential for the site to be adequately screened.

What is the nature of your representation?

Support

Object

Comment

Please set out full details of your objection or representation of support with reference to the criteria above.

- a) With 15 pitches or 15 families on average between 30-45 children this has a huge impact on Newburgh + Aylesford school intake and with the position of the site straight to the top of the catchment area - Totally wrong. as I have friends who have lived in the area for several years and are now concerned at they're ledgibility of the local school due to this proposal -
- e) Unfortunately screening the site will not hide the fact that the amount of rubbish discarded in the immediate area will increase. I have photographs of the travellers rubbish left after 1 weekend parked off of the Stratford Road, and also pictures from my office building of children defecating on the open land in front of the new build

houses on Chase Meadow.

We have public toilets and recycling centres within Warwick and Leamington that I use on a regular basis why is it not possible for the travellers to use them.

My concern is also the distance from the River Avon 20 metres I believe, I would hate to see the mess left earlier this year floating down the Avon River.

Do you have any other suggestions for land within this district that you think would be suitable for use as a Gypsy and Traveller site, bearing in mind the criteria for site identification? If so, please give the location and the land owner's details below:
