Dear Sirs

Proposed Gypsy and Traveller Site, Stratford Road, Warwick

We wish to express our view that we are opposed to any permission or otherwise being granted in respect of the above development.

Our objections are based on the following issues:-

- That the section of Stratford Road concerned being in close proximity of the M40 motorway and the A46 dual carriageway is already heavily used by traffic at most times of the day and this development would compound this situation and create a potential traffic hazard;
- The development is intended to be located in an area that is already designated for significant existing and future housing and as such would potentially place an increased strain on resources and facilities for this area of Warwick, and,
- It is unacceptable for many reasons that any form of housing or other accommodation should be positioned close to the existing Severn Trent Sewerage works.

We would be obliged for this objection and its grounds be taken into consideration when your Council views this Planning proposal in future consultations.
