Dear Sirs,

Proposed Itinerant Site on the Stratford Road.

In order for us to make a considered and reasonable assessment of this proposal would you please assure us **in writing** that if this proposal goes forward here or elsewhere in the town, the residents of the site will be subject to the same regulations and laws as the other people living in Warwick and that the Council and Police have a robust plan in place to enforce them.

At present we envisage a situation where the Police refuse to take responsibility and pass the buck to the Council who will plead they do not have the people or means to enforce the law, in the meantime law abiding residents will have to put up with the aggravation and nuisance as well as paying for it.

Yours sincerely,

M. R. Morris & W. C. H. Morris.
