

TRAVELLER  
SITE

---

To The Planning Officer 15210

As a resident of Foxes Way and  
a former worker at Severn  
Trent I don't think it is a  
suitable site for anyone  
to live especially in conditions  
so near a sewage works.  
Some time ago the police were  
considering having a  
base & depot near by but  
the Chief Constable would  
not let his men work  
so near the smell from  
sewage as it was very  
unhealthy.

If in the near future

More houses are built  
around this area more  
sewage capacity will  
be needed & this is the  
best place to site it,  
so I am sure the council  
could find a much better  
place for a Travelers site

Yours
